Our most recent meeting to discuss the work was on the 22<sup>nd</sup> April 2023. Please find following a brief update of key highlights, followed by a selection of reports from brethren in Guinea and Liberia.

Please circulate this update to all who you think may be interested. If you would like additional information, please see our page on the Gipps Street Church of Christ website (<https://www.gippschurch.com/mission-guinea>) or contact us via [guineamission@gmail.com](mailto:guineamission@gmail.com).

### Keep in your prayers

Specific prayer requests that have come from our brethren in Guinea or relate to the Mission Guinea work include:

- 2 new Christians in Voinjama – sisters Tennis Mayango and Sis Marie Kollie
  - Ability of brethren to meet their daily needs and the desire for brethren to work together on projects that will help in the provision of these needs.
  - The congregation in BelleVue have bible study every Thursday and they have asked for prayers for regular attendance and commitment from brethren.
  - Our brethren in Voinjama, Liberia who for some time now have been studying with a Baptist congregation in Lisco, Liberia. Pray to God for these people to receive Christ.
- Below is an excerpt from Brother Nathaniel Boakai's report –

They have repeatedly said that they want to be Church of Christ; and have continue to discuss this with the man who established the Mid- Baptist Church there. During the last visit, the pastor and his members told us that, the man said he will be visiting them soon. Pray with us that, these people who now understand the Church of our Lord receive Christ and their pastor to except Christ too.

## Bible Training College support update

Great progress has been made toward the construction of the bible training college. At this point in time, the foundation and first/ground floor have been completed. The second floor, or the roof of the first, has been installed and all the bricks for the second floor walls have been made. We have extended phase 3, which is the installation of the bricks on floor 2 and the installation of the third floor, or the roof of the second. We are calling this stage 3b. The support goal to be able to complete phase 3b is \$15,000

To date, \$3,678.89 has been provided toward phase 3b.

The fourth phase Part A will be building the brick walls of the third floor and the roof. The fourth phase part B will be the fit out ( furniture, painting etc.).

Please keep the construction of the college in your prayers. This is a long-term goal, but progress is being made and we are thankful to all who have and continue to support this work.

## Support Update

To date, a total of \$165,960.59 has been provided in support and \$57,369.44 of this has been contributed toward the bible college. This is an amazing effort and is helping our brethren greatly. Please refer to the attached statement of Income and Expenditure (Page 3) for detail on Mission Guinea support.

**2022 QUARTER 4 REPORT (October – December)**

Dear brethren, it is a great joy for us to be part of the family of Christ and happy to work with you as brethren. As we are all striving to meet our goal to please to the Lord and meet him after our life here on earth, we pray that His peace and love be our guide. Please receive our sincere greeting and appreciation for all you do to keep the Lord's work advance in Guinea as whole but more especially in the local assembly of Belle-vue. May the Lord fully bless you. Our best wishes to you as we have seen the year 2023. Despite we are struggling to keep our living conditions stable, we thank God for saving us from the plans of the evil. May He continue to keep us under His highest protection in the precious name of His son Jesus Christ with the hope that you are all doing good in body and in spirit. Here we present you the report of activities in the local assembly for the last three months of the year 2022 that is to say from October to December.

Below is the structure of the report:

1. Spiritual activities
2. Physical activities
3. Statistics on the Sunday service attendance, collect and baptism
4. Thanks giving
5. Prayer request
6. Attendance and collect chart
- I. **Spiritual activities:**

our worship service is regular every Sunday from 9:30 AM to 12:00 PM. The topic under discussion for the past quarter was "**RELIGIOUS HOLIDAYS**".

This topic was very interesting because it helped members and visitors to understand that most of the celebrations mainly christmas was not biblical and others found in the Bible are practices of the Old Testament and are not to be observed any longer because the law does not have power on us as we are under the grace.

Fast and prayer take place every first Thursday of the month. Church attendance varies by worship service. No soul was converted in this quarter.

On December 13<sup>th</sup> 2022, the assembly received the visit of brother Abraham Miller as well as on Thursday December 1<sup>st</sup>. Visit during which he encouraged the assembly. The church use the opportunity to discuss some plans with him concerning the growth of the congregation physically, spiritually and financially to meet self-support aim.

Thursday study class was not regular this quarter.

All the families are doing good despite some problem in some families such as the accident in which brother Zomy's daughter was involved but thanks to God she came safe. Brother Amos Kpoyor is not been well but he is trying now with some medication that is taking since November. A regular visitor's grandson got missing since December 10<sup>th</sup> but he was found three weeks later, thanks to God. Beside all of these they keep their faith stronger.

A watch night was organized on December 31th to give thanks to God and express their requests for the new year.

- II. **Physical activities:** the assembly completed the confection of twelve benches that serve seats in the edifice during worship services thanks to the Niceville support. The pigsty was maintained by reinforcing the defective floor. All the pigs and piglets are growing well. Some members participated in the Bible school construction work in Samoé.
- III. **Statistics on the Sunday service attendance, collect and baptism:**  
Below is the figure on attendance and collect.

We are extending our thanks and appreciations to our brethren who in anyway contribute to the progress of the work in guinea as whole and to Belle-vue in particular. Not forgetting to mention the Niceville assembly, the Kerkura family of Australia and Guinea Mission.

Our thanks to you for making the Lord's work to progress through your prayer and financial assistance. All assistances destinated to the church and preachers are received from Niceville and Australia. A sum of \$354 was received from Niceville as support to the work. Will give you the use of the said fund in next report.

## **V. Request:**

we urge you all to accompany the local assembly in prayers in meeting their daily needs a factor to keep members close to their savior as the cost of living is getting higher and higher.

Regarding the plans of the congregation for this year 2023, we are praying to have constant Bible class every Thursday, build children's shelter where they can stay during Sunday worship service, grow vegetables mainly potato. As part of our plan, we are negotiating to definitely reimburse the Zomy family for their land on which the church edifice is implanted.

The church women intend to undertake a soap making project to help them sustain themselves, some church activities as well as to help the pig project. Looking at the importance of the pig project been the first we undertook we would like to keep it and develop another one to support it.

**2-Spiritual activities:** every Sunday the church meets to worship God in spirit and truth from 9-12 am and Friday evenings for Bible studies from 4:30 pm to 6 pm.

We have a youth program every first Friday of every month.

And we organize programs to go to those who have fallen into faith to bring them into faith.

In respect of the past year we have to convert 6 people into Christ of which one brother the rest are sisters on those who are faithful to God.

3-Physical activities of the church: we thank God the American and Australian brothers as well as the brothers and sisters of the assembly of Sokoura who have strongly provided material and financial support for the realization of the building of the preacher of course this not totally finished but it is habitable the preacher has his family are long in this building since August 2022, And we then made some bricks for the construction of the fence of the place of worship, and we then changed the windows of the place of worship, the sisters of the church thanks to their training then decorate the place of worship so we physically participated in the project of the Bible school under construction in Samoe.

4-Radio broadcast: thanks to God and the financial support of the American brothers we continue to proclaim the gospel of Christ every Sunday from 5-6pm we were very encouraged and Fortier of the passage of Brother Abraham Miller to this radio to help us gave the message of God on the following themes: who is a pastor ?speaking in tongues still exists in the church today ?and the brother took the opportunity to meet the Director of the radio to thank him for his collaboration Frank for us help passed the message of God this meeting was really fruitful .and the director promised to accompany us and protect our show, so we always ask you to pray for us that God gives us health, we Fortier and fill us with courage to announce his word is that this word draws touches the heart of those who listen to us for their salvation of the soul.

5-Visit of the families of the church:

At the moment we thank God for his benefits in the life of the different families of the church health is there and each family is much motivated for the service of God for the beginning of the year there is a change totally to please God and this visit is reinforced by some of our sisters of the church who have voluntarily decided to visit each other every Tuesday to encourage each other. and this was possible thanks to God and the encouragement of Brother Abraham Miller during his stay in Guinea and we have a door-to-door evangelization program every first Saturday and last Saturday of each month that began a while ago we want you to accompany us for this program in prayer and others related to this program.

6- Project of pigs for children: at this point we thank the Guinea mission for their support that send us every quarter we have just received through Brother Samuel the last quarter for 2022 as well for the preacher and for the Church, may God whom we reserve with all our heart grant you all kinds of spiritual blessings in the name of his son Jesus Christ brought.

So the sum for the church which was 436000fg is still used for the food of the pigs and for the maintenance of these pigs there is one of the females that has been pregnant for a few months.

7-My family: for the moment I give glory to GOD my family is doing well alone it is at the beginning of this year that my first daughter underwent a case of surgery but thanks to God and the various prayers of the brothers and sisters she has regained her perfect health and she has also returned to school.

8- Requests: We ask you to support us in prayer so that our local assemblies reach spiritual maturity to take of themselves;

- to continue to support us with material help and to make a profit as you always do for the work of God in Guinea

- New help in the realization of a project that we want to obtain for the church it will help us a lot and facilitate the work of God in our area.

It is about having a machine for the extraction of palm kernel oil.

This project will give work to our brothers and sisters who do not have work and this will increase the collection of the church;

Two with this project we will be able to find food for pig projects in the different congregations with the all-palm kernel this will lighten the expenses of the congregation at the project level

We can also make soaps sell to support God's work.

So the price of the machine amounts to forty five million Guinean francs (45000000fg). The church will be able to make 10% of the price of the machine.

- I ask you for a complaint about the situation of the family of our brother Bigna Beavogui who is in Bible training in Benin helps us find financial assistance for his family he has children and his wife behind him so we want you to help us found help for his family;

- helps me to find a computer for my reports and other church activities .and the delay of my reports is due to its because the machine I was born more functional.

- Finally, please always send your remark and suggestions for God's work.

9-Thanksgiving: We sincerely thank in our hearts the American and Australian brothers for their moral, spiritual, material, and financial support and all people of good will for their contribution to the progress of God's work in Guinea may God the father of our lord Jesus Christ grant you all kinds of spiritual and physical blessings in the name of his beloved Son Jesus Christ brings.

NB: you will also have the 2023 action plan established for the growth of the church.

Your brother in Christ

## **Voinjama Church of Christ Quarterly Activities Report January – March 2023**

### ***Mission Guinea Group***

We are very much grateful to the Lord for firstly for our lives and the work of His Kingdom.

The Voinjama Church of Christ quarterly report covers the following activities; LISCO Visitation, Baptism, Children's bathroom project, digging of river sand, Prison visitation, Back to the Bible Radio Programs.

Our prayer is that our Lord Jesus Christ will save souls and plan churches in some of the fields we are presenting reaching and challenges.

### **LISCO**

LISCO has been our focus since the Mid- Baptist requested our teaching of the Bible and we have remain in engaged with them; we have always strive to meet with them at least on the quarterly basis to share the gospel of our Lord Jesus Christ. During this reporting period, we were able to have a gospel meeting there.

It was well attended and they appreciated our present and our willing to reach to them always.

They have repeatedly said that, they want to be Church of Christ; and have continue to discuss this with the man who established the Mid- Baptist Church there. During the last visit, the pastor and his members told us that, the man said he will be visiting them soon. Pray with us that, these people who now understand the Church of our Lord receive Christ and their pastor to except Christ too.

The bike is helping to get us to these places and also car for large number brethren for some of these gospel meetings. Like in case of LISCO, we also have Free Pentecost Church members attending the meeting.

See photos of the visit.

This the Mid-Baptist worship hall; and we are sitting on Saturday discussing the Bible and also taking questions and responding those questions through scriptures. This photo is only Mid- Baptist members.

Mid – Baptist members only. Brethren, kindly pray to God for these people to receive Christ. Whether, the man who build the worship hall or not, they should decide to move to Christ as soon as possible.

This is the night discussion, it is challenging without a PA system and correct lighting.

This photo is the combine Mid- Baptist and Free Pentecost Church members along with Bro. Peter Tennis and bro. Abraham Tamba on Sunday, where we left them in LISCO while we return to Voinjama for service and radio program.

You can see the bike in active service for these meetings; and we also use vehicle if we taking more of the brethren.

We are very grateful to Mission Guinea Group for all the support including the stipend I receive.

### **Radio Programs --- Supported by the Niceville Church of Christ**

We are grateful to the Niceville Church of Christ for the support for the "Back to the Bible Radio Programs. We received the amount of two hundred and thirteen United States Dollars (**\$213.00 USD**) as part payment of radio programs for the year 2023.

The first payment we received from Niceville Church of Christ; we decided to pay 160 USD from this amount from the said amount for Voice of Lofa. **January – August – 2023 --- \$ 160.00 USD**).

Kingtoma Radio --- **10 USD** per month – we still had **\$ 53.00 USD** for Kingtoma Radio. We will be paying five months. The management have said that there will be a change in staffing and we should hold on the payment for now until January 2023.

We later received the total amount of one hundred and thirty United States Dollars (**\$ 130 USD**). From the \$ 130.00 USD, we took \$ 80.00 USD and added to the \$ 160 USD for the total payment for Voice of Lofa Radio.

As a result, we made total payment for Voice of Lofa two hundred and forty United States Dollars (**\$ 240.00 USD**) for 2023.

We received payment for both Voice of Lofa and Kingtoma, 2023. A full payment was made to Voice of Lofa for the year 2023 ( $\$ 20.00 \text{ USD} \times 12 \text{ months} = 240.00 \text{ USD}$ ).

For Kingtoma Radio, we had to change from Kingtoma Radio to Voice of Lofa because of change in payment. We were three times charged from ten United States Dollars to twenty five United States Dollars (\$30 USD).

We decided to reach to Voice of Lofa since we were already there to see whether we can continue with them with a second phase of the program in the week. It was accepted with a little over ten United States Dollars (13 USD per month).

So, with the arrangement with Voice of Lofa now, we started payment from February 2023 with the amount of \$ 13.00 USD per month. With the amount of \$103.00 USD, we made 8 months payment. The rest four months, we will pay after the 8 months (February – September 2023).

Brother Peter Tennis is now the presenter on Wednesday ever week. We now have the Back to the Bible twice a week on the Voice of Lofa (Wednesday – 5 Pm – 6 PM; Sunday – 8 AM – 9:30 AM).

We thank God for the Niceville Church of Christ for these supports and pray that the Lord will save more souls and strengthen the Lord Church here in Voinjama.

The Program is the hottest Bible radio program in the Voinjama and Lofa County.

## **Baptism**

The Lord added two souls during this reporting period. Those baptized are sis. Marie Kollie and sis. Tennis Mayango.

## **Children Bathroom Project**

We are grateful to God for the completion of the children's bathroom. The challenge now is to get a container to store water for them. By God's willing, we will get some. We decided the room into two parts; that is, two of kids can get at the same.

This is the children bathroom construction; we have already completed this project; but do not have the completed photo. We may send it later.

## **Sand Digging**

As part of our visionary plan, we have decided to dig river sand for future project. Getting more river sand will reduce cost for the purchase of sand if there is a future project.

## **Prison Ministry**

At the prison, we are very regular there with the gospel and counselling.

## **Challenges**

We also have this challenge of a PA system; especially in the night and open air preaching. We will highly appreciate if this is realized. We pray, God will provide one day.

While, I was in Guinea, N'zerekore, I saw a PA system with the Sokoura Church of Christ. If possible we appreciate similar system. They told us that it was purchased from Conakry and sent to them in N'zerekore.

Maybe, brother could make inquiry of the price, since we did not ask. We are aware of the challenges especially funding around the world, but, the Lord will provide.

Mecenta to Voinjama is very short if possible in the future; we can collect it from there.

We pray that the Lord will provide for the advancement of the gospel; and it will take care of the night gospel meeting. More of the people can be available in the night because of the farming.

Thank for all the support and pray with us as we pray with you for the great work of our Lord Jesus Christ.

May God give the increase in these fields; and continue to give us the wisdom and His guidance, and be the light to reach out to the people with the gospel.

In Christ

**2023 QUARTER 1 REPORT (January – March)**

Dear brethren, it is a great joy that we entered the new year in good physical and spiritual health. We thank God for taking us safe to this time. As live in this evil world, we pray that His word be our teacher of every day to enable us to make heavenly life full of peace and love. Please receive our warm greeting and appreciation for all you do to keep the Lord's work advance in Guinea as whole but more especially in the local assembly of Belle-vue. May the Lord fully bless you. We are struggling to please the Lord though living conditions seem to be harder due to the crisis that continues to affect all aspect of life worldwide. May the Lord continue to keep us under His highest protection in the precious name of His son Jesus Christ. Here we present you the report of activities in the local assembly for the last three months of the year 2023 that is to say from January to March.

Below is the structure of the report:

1. Spiritual activities
2. Physical activities
3. Statistics on the Sunday service attendance, collect and baptism
4. Thanks giving
5. Prayer request
6. Attendance and collect chart

**I. Spiritual activities:**

our worship service is regular every Sunday from 9:30 AM to 12:00 PM. The topic under discussion for the past quarter was **"LOVE, HUMILITY AND CLEANSING"**.

The church under the inspiration of the preacher has undertaken door to door evangelism on every third Thursday on each month.

Two members take part in the evangelism planned by the preachers in N'Zerekore which the first took place in Samoe on March 20<sup>th</sup>, 2023. Brother Zomy and Zeze visited a regular radio programme listener in Lola on the 15 of March.

The church shared a fraternal meal at the end of the quarter as part of reinforcing the spirit of love among the members and visitors.

Thursday Bible class continues but the attendance remains poor. The monthly fast and pray schedule is constant and members attend but effort need to be applied more.

- II. Physical activities:** as part of physical activities, the church undertook to plant potato in swamp during the season to help meet some need in time to come. The work consists constructing beds and planting potato. Thanks to brethren the work went on fine and we are expecting the harvest.

The church was able to loan a swamp for six years for rice and vegetables growing at the cost of three million six hundred thousand. This payment was possible thanks to the support received from Niceville congregation (\$354). Three million is paid and we are left to pay the six hundred at June end. The rice planting work will start as soon as possible.

Thanks to God for his protection and provision for all His lovers through Christ Jesus across the world. We are extending our thanks and appreciations to our brethren who in anyway contribute to the progress of the work in guinea as whole and to Belle-vue in particular. Not forgetting to mention the Niceville assembly, the Kerkura family of Australia and Guinea Mission.

With the sum of \$354 received from Niceville as support to the work, the church decided to rent a swam in a nearby village to help grow rice and vegetables to permit the church to meet some needs. Our thanks to you for your continuous effort to make the Lord's work move forward through your prayer and financial assistance. All church and preachers' supports are received from Niceville and Australia.

**V.    Request:**

we urge you all to accompany the local assembly in prayers in meeting their daily needs a factor to keep members close to their savior. Pray for the evangelism campaign to win more souls for Christ not only in our community but in N'Zerekore as far as in Lola where we are planning, if possible, to establish a congregation. Let's ask God to strengthen the local assembly in Thursday meeting.

The plans of the congregation for this year 2023, are having constant Bible class every Thursday, building children's shelter where they can stay during Sunday worship service, growing rice, vegetables mainly potato. Reimbursing the Zomy family for their land on which the church edifice is implanted remains one of our priorities.

Help the women with their soap making project attached to this report to help them sustain themselves, some congregational activities as well as to help the pig project.

The church has established an evangelism programme which is on the second and last Thursday of each month. It consists of door-to-door evangelism. We urge you accompany the programme in prayer.
