

Mission Guinea Support Update October 2023

Many thanks for your continued support and concern for our brethren and the Lord's Church in West Africa.

Our most recent meeting to discuss the work was on the 14th October 2023. It was a very fruitful meeting as always. Following is a brief update of key highlights, followed by a selection of reports from brethren supported through this effort in Guinea and Liberia. If you have the time, please read through these reports to get a better understanding of the work and life in west Africa. These reports make for an encouraging read.

Please circulate this update to all who you think may be interested. If you would like additional information, please see our page on the Gipps Street Church of Christ website (<https://www.gippschurch.com/mission-guinea>) or contact us via email at guineamission@gmail.com.

Brethren in Liberia form a benevolence committee to help those in need

It is wonderful to see our brethren in Liberia actively working to spread God's word and to help those in their community who need help, even when resources are sparse. Below is an excerpt from a recent report received from Brother Nathaniel Boikai who works with the church in Voinjama, Liberia. Further detail of the Voinjama congregation and their works can be found on page 15 and following, including the good news of two baptisms.

"We have initiated fund raising to help less fortunate children whose parents cannot afford to pay their kids school fees. Brother Joseph N. Boakai chairperson and assisted by brother Zayzay Kpadeh are in charge of our benevolence activities of the Voinjama Church of Christ.

The children are about forty –two; but the benevolence committee will be providing the list of the most needed kids. We are actually focusing the total payment, but some assistance that will allow the child attend school. This past week, we distributed note books, pencils and pens to all the students in the church."

Bible camp held

A Youth bible camp was held in N'Zerekore and hosted by the Mohomou congregation. The themes of the camp were; 1. The church of Christ, History of the creation; 2. The importance to be a member of Church of Christ; 3. The Church organization. Several of the reports included in this supporter's update provide information on the successful, well-attended and encouraging camp. Of note, check out the reports and photos from Nestor Tonguino (Conakry) (Pg 28) and Moses Sesay (Pg 33).

Preachers in the N’Zerekore region working together

Below is a excerpt from a report received from Sam Williams (Pg37), an evangelist in Samoe who is supported through Mission Guinea. The excerpt highlights the evangelists working together in the N’Zerekore region to grow and strengthen the church.

“In May 14 to July 2, the preachers in N’zerekore region left their congregation for a month in form of rotation to visit each other’s congregation for mutual encouragement. Each preacher prepared his sermon or teaching to teach according to the spiritual needs of the congregation assigned to him to buttress what the preacher of that congregation has been teaching for long time, By seeing different preachers in a month teaching the same doctrine of Christ encourage the church and also build up their faith. I also bring unity among the preachers because after the rotation, the preachers will meet to discuss the weakness and development seeing during their visit to each sister’s congregations and this bring spiritual growth to the church.”

Over half way to next goal

Help us make it all the way.

Just a reminder the next phase of support for the bible training school construction is for installation of the third floor, which also serves as the roof of the second floor. We are calling this stage 3b. The support goal to be able to complete phase 3b is \$15,000 and we are now just over half way toward reaching this goal.

To date, \$7,844.94 has been provided toward phase 3b.

Thank you to all who continue to contribute to this effort. This is a long-term goal, and together we are making great progress toward reaching it.

Brother graduates from preaching school in Benin

The recent graduation of a brother who undertook studies at a bible training college in Benin (neighbouring country to Nigeria) shows the desire for those from West Africa to learn the bible and to become evangelists in order to grow the Church. Please see below an excerpt from a report from Zeze in Sokoura who is supported through Mission Guinea (Pg 48).

“With this report, we come to officially inform you that Brother Bigna Béavogui whom the Church had sent to the biblical formation center in Benin in 2020 finished his formation this year in the month of July and obtained his diploma as an evangelist preacher and presented his diploma to the Church.”

At the moment he is working with the Church of Sokoura.

Together with him we have decided to see by the end of the year whether he will be able to go to Macenta to be a preacher of the Church in this locality or to establish a new congregation in Lola, so we will send you his work plan when the choice is made between these two localities.”

As we see in this chat, the attendance started dropping from the middle of May and why? It was the beginning of the longest holiday of the year whereby students travel from one location to the others. And secondly, most of the parent's farmers seize the opportunity to use the time to engage their children in other villages for farming because farming is their principal work. So as a result of seasonal migration from one place to another for farming, the attendance went down and we prayed for spiritual and physical growth as usual.

BIBLE STUDY

The congregation book study continues and we do have it on every Friday of the week as have been scheduled by the church to study the words of God and it is the avenue where we can grow spiritually.

VISITATION AND EVANGELISM

The church carries on their evangelism sometimes after the service on Sundays, doing family rotation study and visitation in some part of the week according to the schedule of the visitors because almost everybody is farmers. Despite that, we give glory to the Almighty God through His son for doing His own work for His own glory.

REQUEST

Firstly, we thank you brethren for your support financially and morally towards the Lord's work in the Republic of Guinea and the whole world at large. We need assistance for the pig project that the Australian brethren gave to us. The pig's food is very expensive and the pigs are growing as you can see in this picture. In this case, the church wants to ameliorate the situation of the pig's project by enlarging the pig project for them to grow in numbers. We envisage having a palm kernel and oil producing machine to ease the expenses for the pig's food.

Secondly, the church is asking you to help the women for soap making projects and the motive of this project is to promote women evangelism, be self-sustainable and help them to contribute to the welfare of the church.

Brethren, we thank you very much for your efforts in propagating the good news and we hope that our request will be granted for the glory of God.

See the pigs photos attached.

In Christ,

Sam Williams- On behalf of Samoe church of Christ.

BELLE-VUE CHURCH OF CHRIST SECOND QUARTER REPORT from APRIL – JUNE 2023

Dear Brethren,

We are grateful to God for his blessings and protection upon our lives. We equally thank him for you as well. We hope that you are doing well both physically and Spiritually along with your families. Thank you for your supports and concerns you have toward both us and the Lord's works every time as fellow works of God in this part of the world. May the Almighty God bless you and see us through as we struggle to make heaven together. Amen.

We thank God for the life of everyone here, we are all doing fine. The church is thanking you for the supports. We received the congregation support for the last quarter from Guinea mission and also thank the brethren from the US for theirs for the preachers we received that too may the God almighty rewards you. Amen.

Please be with us in prayers as we struggle to please our Lord, for there is a lot of weaknesses pray for strength and courage. We are also striving to refund the brother Zomy for the place of Worship so that the Church can own it, we need your support and prayer for that too. Pray for our souls wining programs too, we go out to spread the gospel and people promise but they do not turn up. We have added our activities remember us in prayers to respect our engagements. Pray with us both for Spiritual and physical growth.

Please be informed that we have founded an evangelical team to help strengthen the various congregation because of the weakness of the members. All of the works are left with the preacher alone and we saw that one person cannot do these works, that made us to form this group to help preacher from various congregations to carry on this work. Therefore, we need your support.

The church plans are numerous we ask you to be with us in prayers for these activities every Thursday Bible class, Saturday prayer meeting, third Thursday of every month door to door evangelism, swamp farming, children shelter construction and the women soap project.

I come very humbly in the precious name of our Lord and Savior Jesus Christ to present to you my activity report as follows:

- 3- The Solondonine congregation supports the gospel of our Lord and Savior Jesus Christ 1Thimoté 3:15 avoids division of the body of Christ 1Corinthians 1:10-15.

We were guides with some evangelists like Brother Zezé Béavogui and Brother Tamba Nestor Tonguino to start the biblical camps in Guinea and restore team spirit throughout the country as the wish of the Lord John 17:20-23 after our Bible training we had restored the camp in Guinea as I am their eldest on the road to the Bible Training Center of Cotonou Benin we gave ourselves the hands for its success. But, the disease prevents me in these moments to attend what has been restored with my younger brothers it hurts my heart because I was struck by the bilibili disease my body was swollen pray to God for me.

4-Difficulties and wishes: our wish is that the name of our lord be exalted in our ways of acting and living every moment. It is for this reason our Solondon congregation, their evangelist and church leaders we ask you to help us in the following needs:

1 – a means of transport (motorcycle)

2-price of phone touch screen Android for the installation of evangelistic applications and sending our letters to correspondents and also take pictures of the field work (100 dollars) despite helping us for a stay support for localities far from the city because preaching is our major concern for growth

in numbers in this concern have the evangelists ready to accompany us in the field to visit the brothers in the villages and evangelize them. Matthew 28:18–20; 1Thimoté 2:2.

5) We thank you most sincerely in the Lord for your spiritual, material, moral, and financial support for the church and our preacher. The Church of Guinea thanks you in particular our congregation of Solondonin thanks you for the support of their preacher. May GOD repay you a hundredfold.

2. Lawalazu Quarter community, in here Voinjama
3. Kubemai Town, outside of Voinjama – two days meeting

Kubemai Town outreach gospel meeting—two days meeting

This oldman is one of the elders of the Pentecostal church making remarks

Lawalzu Road community outreach –gospel meeting, was held on September 8, 2023, one night. We have selected the evening time because farming and other activities of the people. Bro. Samuel Markadade – (exhortation)

With all these meetings, there were also times for questions and answers period. During these times, we have lot of opportunities to expose the biblical doctrines of Jesus Christ. This time make us finger a lot of pages of the Bible.

Brother Boakai, took the stage in these meetings to lead the brethren for all the questions and answers periods.

Baptism

Two persons received Christ during this period of reporting.

brother Stephen Konneh received Christ in Kubemai Town gospel meeting, September 22-23, 2023.

Brother Kollie T. Harris received Christ during one of our church services here in Voinjama. He received Christ after hearing the gospel sermon on Sunday. He is one of the inmates at the Voinjama Central Prison. He was allowed to worship with us by the prison authority; and it was through these services, he received Christ. He is regular.

Prison Ministry

At the Voinjama Central Prison, where we have a prison ministry, during this period, we distributed sanitary and food items to the inmates as part of our outreach activities. Items distributed were: bath soaps, washing soaps, magic cube for soup, grain cassava, sugar, toothpastes, chlorine, ect.

Taking the gospel to them it is very good, and we also felt it is good to share some materials items for their physical needs. This is not our first time in this regards.

The items were received by the deputy Superintendent in person of Mr. Kenneh. Mr. Kenneh expressed thanks and appreciation for the gesture on behalf of the inmates.

We personally distributed these items alongside with the prison authority to the inmates. We wanted them to receive these items while we are there. No photo taking in the cell.

We are grateful to God for all these activities and pray that God will deliver people through these outreach activities and your prayers.

Distribution of sanitary and food items to the Voinjama Central Prison

Financial Support

We were so excited to have received a fellowship of six hundred and twenty-six United States Dollars (**626.00 USD**) from Niceville Church of Christ to purchase a PA system (amplifier). We are now equipped with the set of the outreach program; especially PA system and generator.

Brother Joseph N. Boakai chairperson and assisted by brother Zayzay Kpadeh are in charge of our benevolence activities of the Voinjama Church of Christ.

The children are about forty –two; but the benevolence committee will be providing the list of the most needed kids. We are actually focusing the total payment, but some assistance that will allow the child attend school.

This past week, we distributed note books, pencils and pens to all the students in the church.

New Testament Christian Giving

We have been looking at over the six months:

1. God offer to mankind
2. The important of God give
3. His command to give
4. What is our weakness to giving
5. Faithful and effective giving
6. Practice HIS command in giving

The Bible class teacher has been brother Samuel Markadade, our brother from Ghana visiting us here in Voinjama. He has been very helpful and committed.

Challenges

Challenges are rain and bad roads. But we are asked to go in the world to preach the gospel; so we are to go with all these challenges.

We thank God for all the support you are given the Voinjama Church of Christ. We pray that we remain faithful to God and that God will add more souls through your followership.

Kindly mention us in your prayer, as we go to our legislative and presidential general elections on October 10, 2023.

Pray with us that our election is peaceful and God select the leader, so that we are able to carry the gospel of Jesus Christ to the world.

We visited regular visitor to help them to take necessary step towards their baptism, even the members that have abandoned the church. The sick ones are also included in our visit to encourage them financially and morally to remain faithful despite their situation. Please we equally need your prayer for them also.

OTHERS ACTIVITIES

SPIRITUAL ASPECT

Preacher's Rotation – In May 14 to July 2, the preachers in N'zerekore region left their congregation for a month in form of rotation to visit each other's congregation for mutual encouragement. Each preacher prepared his sermon or teaching to teach according to the spiritual needs of the congregation assigned to him to buttress what the preacher of that congregation has been teaching for long time, By seeing different preachers in a month teaching the same doctrine of Christ encourage the church and also build up their faith. I also bring unity among the preachers because after the rotation, the preachers will meet to discuss the weakness and development seeing during their visit to each sister's congregations and this bring spiritual growth to the church.

Fraternal Meal – At the last Sundays of each semester, the church does have their fraternal meal as programme base on the scripture so the church ate and drink together on 24th of the last Sunday of September to follow and emulate the apostle's teaching (Acts 2:42)

Spiritual Exercise – The church does come together to observe spiritual exercise (fasting & prayer) every second Fridays of the month to pray for the church herself, the churches of Christ all over the world, Missionaries and their mission work worldwide.

PHYSICAL ASPECT

Pig's project – We are very sorry for not furnishing you with the project update every time. The project is in progress but the feeding and medication are getting tough because of the skyrocketing pig's food and medication. An that's why the church decided to add the congregation support fund to the fund allocated for the pig's project in order to feed them well and also to take care of their medication. And this will them to produce well and be healthy.

THANKSGIVING

We thank Almighty God through His son Christ Jesus for doing his own work worldwide. We also thank you brethren for the love shown to us by supporting us and the work in general. We thank God for the preaching activities of Gipp's street church of Christ and we learnt a lot from them. We also learn from the giving ability of the brethren from Niceville church of Christ.

Brethren from Niceville and Gipp's street church of Christ, we thank you so much for the work you are doing for the Lord and we want you to know that your work will be rewarded (1 Corinthians 15:58; Hebrew 6:9-10).

As we are approaching the end of the ages, let's try to strive hard for perfection so that when the chief judge- Jesus Christ shall appear to judge the world, we will have a better chance to go with him in His Heavenly Home.

In Christ,

Sam O. Williams.

Spiritual activities

We are regular every Sunday for our worship service from 09:30 Am to 12: 00 Pm. In our last quarter, we were on the Topic the Heart to help us to work on our hearts because it made us to understand that in our religion, God looks at the heart not the physical body, after we started the advantages of Christians which is ongoing. Our Thursday Bible study continue but with difficulty for brethren to attend and fast and prayer on every first Thursday in each month is regular also but with poor attendance too. Third Thursday of every month our door to door evangelism is ongoing and

every Saturday prayer meeting continue. Every last Sunday in the quarter, we part take of the fraternal meal to help reinforce love among the members and visitors. We did preachers rotation just to and strengthen various congregation.

Physical activities

Part of the physical activities, the church rent a swamp that you are already aware of. We plant rice and we thank God that it is growing well and thank the brethren that actually give themselves for the work. We are waiting for a good harvest in Christ name. The pig project.

Thanks giving

We joyful to God for His goodness in every thing for he is the reason of our being, may glory and honour be His holy name. we thank God for our lives, depict the difficulty of life but He keeps us moving. The local church is doing well with all the challenges she is going through. Thank God for our swamp project that is ongoing and thanks to everyone for supporting us both physical and spiritual. Thanks to all the brethren that are supporting the Lord's work in this part of the world and particularly Belle-vue local congregation may God bless you. Thanks to the Niceville brethren for the preachers supports, we received them and also for the Bibles and song books. Thanks to Mission Guinea Australia for their Supports both to the congregation and preaches. Not forgetting about the family of Augustine Kerkula for the financial supports that permit us undertake some projects.

Requests

As you support financially, we are asking you to pray for us also for growth both physically and spiritually because there is too much weakness engagements are respected and it is hardening the work for us. We go out and they promise to come but they cannot. Please pray along with us for the local church was persecuted on the first of October the road to worship was block by the so called lord and that made us to start our worship very late, it was the invention of the local authority that brother Zomy went to before we worshiped that Sunday. Let us pray for the Family of brother Zomy for God protection because his family is hardly look at by that family. Pray also for a sister called Marie for her mother is seriously ill. We equally ask you to pray and support our projects on hands, the payment of the land of the worship place to enable the church to own her own land, the construction of the children shelter for learning, the women soap project to help themselves and some congregational needs and the evangelism team that is will to propagate the gospel all over N'zerekore and its surroundings. We are spending too much on the pigs and is giving us hard time. Therefore, we decided to sell them and do other things and also the place that we are keeping is not safe because of the issue of the land lord.

Thank you, brethren, and may God bless us in Christ name.

3. The spiritual situation of the Church.

We are doing our best to help the members grow in both, through Bible teaching on Friday evenings and Sunday mornings, home visits, so during the worship on all Sundays, the church had taken part in the Bible camp organized by the local congregation of Mohomou in collaboration with the committee in charge of organizing the Bible camp.

You will see that the number of worship members has decreased during this quarter due to the movement of some brothers and sisters to other localities for field work.

The program of the sisters of the church still continues for the encouragement of each other at home.

Soon we will resume the evangelization program with the evangelization team of the preachers of the urban commune.

A program is already in place for overall evangelism by all church members once a month on Sundays after worship.

A program of aging and prayer is already drawn up by the Church every Wednesday evening between 7:30-8:30 p.m.

These programs are set up to help us accomplish the great mission that our Lord has entrusted to us and to grow in the knowledge of God.

4- Physical activities of the Church

As already announced in some of our reports that we are in the process of mobilizing funds for the realization of some of our activities that we had planned to do for this year, soon we will start its various activities.

5- Radio Program

Let us give glory to Jesus Christ in this very important area to share the gospel of Christ. For an hour of time, several people listen to GOD's message concerning the salvation of mankind.

We would like to sincerely thank our American brothers who support this program financially, may God bless you a hundredfold in your efforts for the fulfillment of the work of the Lord Jesus Christ in Guinea more particularly the region of Nzérékoré in the mighty name of Jesus Christ, amen.

Brother Key had asked me for clarification on the payment of the program, and I would like to take this opportunity to correct myself.

We pay for the show monthly, i.e. by me, and the price can change at any time depending on the budget of the radio because it is a commercial and non-governmental radio station and we come once a week between 5-6 p.m. every Sunday; For the moment we pay five thousand Guinean francs (500000fg) to this is added another expenses which amount to two hundred and fifty thousand Guinean francs (250000fg) so this makes a total of seven hundred and fifty thousand Guinean francs (750000fg) so for three months we will have a total of two million two hundred and twenty-five thousand Guinean francs (2225000fg).

That's \$250 to \$270 depending on the exchange rate on the market and the rest we save for other problems that may arise on the radio side.

As for the topics we teach, since we started preaching we have been talking about several topics such as:

What must you do to be saved, on the church, the holy spirit, the speaking in tongues, God's will for you, etc.? The theme we are currently preaching is **the gospel of Christ**.

6- Pig Project for Church Children:

We thank God and thank Sister Marie for the maintenance of the pigs, the female for her first time of gestation gave birth to 10 cubs. Sister Marie has made her land available to the church which is to be used for the construction of a new farm for pigs which is to contain twelve lodges because the current pig farm is becoming small given the number of pigs and we want financial support for the construction of this new farm and we have a great vision for this project, We know if we take care of this project, it will be able to help the Church a lot to take charge of its activities. Pray for us that God will help us move this project forward.

7- My work and my family's situation

During the last quarter I had a month off from the Church to rest a bit and I took advantage of this time to go to Liberia for a family visit, but before I left I had started to train brothers on how to do a sermon, a Bible study, so door to door evangelism for our listeners of the program who asked me to meet personally to help them on some issues biblical; I also hosted the radio show a month before my leave, I am in charge for Bible study classes on Sunday mornings as well as Friday evenings.

As soon as I came back from the holidays I continued to do the same work, went on the radio, taught at the church, a Bible study with the young visitors of the church to get them to obey the gospel of Christ, visiting church members etc.

Finally, by the grace of God, I and my family are doing well and we thank the Guinean mission in Australia and the American brothers for their moral, spiritual, physical, and financial support that you spare no effort to support us and God whom we serve with all our heart grants you all kinds of spiritual and physical blessings.

8- **Difficulties:**

- lack of human resources to commit to God's work
- It is difficult for the people we preach the Gospel to accept to be converted
- the slowness of spiritual maturity on the part of the members of the Church
- not enough time to be full-time for God's work because of the time I put into my workplace.

9- **Miscellaneous:**

With this report, we come to officially inform you that Brother Bigna Béavogui whom the Church had sent to the biblical formation center in Benin in 2020 finished his formation this year in the month of July and obtained his diploma as an evangelist preacher and presented his diploma to the Church.

At the moment he is working with the Church of Sokoura.

Together with him we have decided to see by the end of the year whether he will be able to go to Macenta to be a preacher of the Church in this locality or to establish a new congregation in Lola, so we will send you his work plan when the choice is made between these two localities.

Finally, the Bibles purchased are already being distributed among some congregations in the forest region.

10 – **In conclusion**

We will not be able to end this report without thanking you for your blessings in the Lord who contributes to the enlargement of the work of GOD throughout the world, especially in Guinea and especially in the Nzérékoré area, we pray to God to be with you in blessing you with all kinds of spiritual and physical blessings in the name of Jesus of Christ.

Thank you

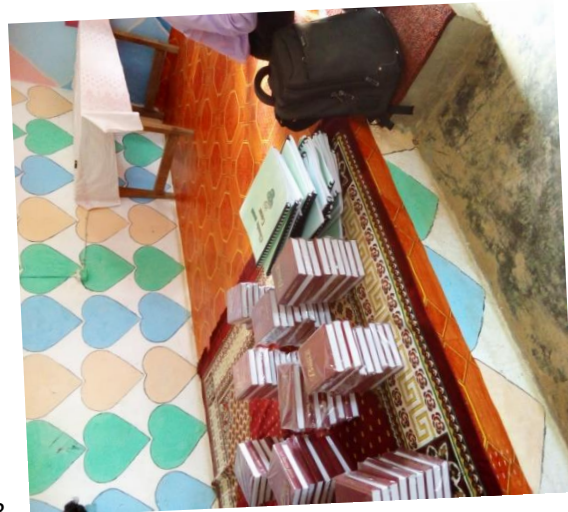

Your Brothers in Christ
