This is our first supporters update for 2025, and we hope you are encouraged by what you read. Please circulate this update to all who you think may be interested.

If at any time you have any questions or suggestions about the work, please do not hesitate to contact us at guineamission@gmail.com. Additional information can also be found on the Gipps Street Church of Christ website (<https://www.gippschurch.com/mission-guinea>).

Many thanks for your continued support and concern for our brethren and the Lord's Church in West Africa.

10 years of Mission Guinea!

At our recent meeting we celebrated 10 years of Mission Guinea and reflected upon achievements and progress over this time. It has been a blessing to work alongside other supporters of Mission Guinea and our brethren in Guinea and Liberia to contribute toward the growth of the church. Over this time, we have been able to provide ongoing support to up to 13 evangelists and the congregations where they preach. Through this support, members of the church have had the provision of basic needs such as rice and medicine, and has enabled evangelists to focus on spreading God's word rather than seeking secular work.

It is difficult to capture the impact of the support provided through Mission Guinea and the focus is certainly not on how much money has been given. However, this does help to show what support has been provided over these ten years. In summary, a total of \$196,369.46 has been contributed. Of this, \$72,695 has been for the bible school construction, \$46,656 toward basic needs of congregations and \$55, 540 toward supporting evangelists. The remainder has been provided for special needs such as during the Ebola outbreak, recovery from storms and to start the pig and soap projects.

A big thank you to all involved in Mission Guinea for your support and ongoing efforts. Our hope is that Mission Guinea can continue for many years to come and that the work can continue to facilitate the spreading of God's word, and the growth of the Lord's church in West Africa.

Revisiting the pig project

You may remember we have helped our brethren in Guinea to grow pigs, with the goal being a self-supporting project that can provide income for our brethren that they can then use in church works. The pig project is progressing well, with many of the congregations now having pigs. However, the cost of housing, feeding and providing medicine for the pigs has become expensive and has put some financial pressure on some of the congregations.

The Mission Guinea working group recently decided that we would approach brethren in Guinea to give them the opportunity to investigate alternative projects that may be more achievable and with less financial burden. Such projects may include other agricultural pursuits. We will keep you informed as to what decisions are made.

Support towards Bible School Construction – Plans in place

Just a reminder that we have plans to travel to Guinea late 2026 to visit with brethren and to progress the construction of the bible training college as much as possible. This will include construction of the second floor (first floor roof) and second floor walls, and then the roof. We will also have the fit out to do including windows, plumbing, toilets, chairs, desks etc. that are all needed to make this a fully functioning facility.

We have broken down our support targets into \$15,000 goals as this is an achievable target. So far, we have \$19,4004.04 towards achieving the remainder of the construction, so we are \$4,004.04 along the way to our next \$15,000 support target.

Since the last update, supplies (gravel, cement, sand) have been purchased and the bricks for the second floor and the bricks have been made. They will now harden ready for installation.

The Bible School construction progress so far with ground floor completed and first floor almost completed.

The newly made bricks ready for the first floor roof (second floor).

Keep in your prayers

Recently brother Nestor Tonguino, an evangelist supported by Mission Guinea, had one of his legs amputated due to ongoing health issues. Please pray for Nestor, his family and the congregation in Conakry as they all adjust to this new circumstance.

Recently there have been a number of baptisms that you can read about in the reports that follow. Please pray for these babes in Christ that they may grow strong and be steadfast.

2- GENERAL INFORMATION ABOUT THE CHURCH

In the year 2024 the church to carry out various spiritual as well as physical activities despite its spiritual state by the grace of God, we had two (02) converts all faithful for the service of God .thus the visit of brothers and sisters, evangelization and volunteering were at the heart of the work of the church; thanks to these various activities, not to mention the radio program, we have greatly helped the Church in its obligations to advance the work of God in its locality. We had to organize three days of fasting and prayer in collaboration with the other local assemblies of the city of Guinea.

1. For God's protection from the devil's plans
2. For the advancement of God's work
3. For God's unity of work among preachers
4. The local and collective projects of the Church
5. To all those who support the work of our God in Guinea
6. **Children's pig project**: truly we thank God and the Guinean mission for their support for the development of this project, it is time for us to congratulate Sister Marie for her occupation and the maintenance of the pigs, the time has come for us to increase the number of lodges because the pigs are beginning to be numerous, On the occasion of the New Year's Eve we want to kill one of these pigs for them so that they can rejoice
7. **My personal work**: I still continue to do the same activities that I often point out to you in my previous reports, that is to say preaching in the Church as well as on the radio, evangelism, and visiting members of the Church.
8. **Family situation**: by the grace of God for the moment everything is fine only on December 6, 2024 past we lost my third daughter who was our last child as a result of a body burn accident due to hot water that poured on her, so I ask you to pray for

us that God will be able to take us away from these such things and help my daughter overcome this difficult time.

9. **Working Fund:** For the year 2024 in total we them \$600 from the American brothers as aid for God's work, \$550 was used as follows: \$50 as support to Brother Bignan on the decision of the church committee each quarter which gives a total of \$200, \$200 for the evangelism team at the urban commune level and \$150 for the support of activities at the local level.

Radio broadcast

We thank the American brothers for their financial support for the success of this very important work for the proclamation of the Gospel of Jesus Christ, we always continued to do this work with Brother Maxime Théa who helps me a lot, today it has been 11 years for us, we are on the same radio, we receive calls from our listeners live to encourage us and appreciate the teaching, to give us so to ask us questions, others require personal studies but accepting these teachings to put them into practice remains a difficult thing so we ask you to pray for this program so that these listeners who listen to us every Sunday between 5 p.m. and 6 p.m. give themselves to God through the word of God which is taught on the radio; For the last quarter of the fund that we received for the year 2024 in this fund which was \$300 we spent \$250 In this fund we paid for the radio and other expenses related to documentation and travel

3- 2024-2030 Work Plan

For six years, for the progress of the Gospel in our locality or commune and beyond our commune, we want to wait for the following objectives;

Evangelize our municipality and beyond our municipality by;

- A door-to-door evangelization;
- Public evangelization;
- The radio media;
- The organization of biblical seminars

- Doubles or triples the number of members of the Church spiritually and numerically.

By worshipping GOD in truth and spirit (in an atmosphere of encouragement, warning, correction according to the doctrine of Christ with love)

- Established three or four new local assemblies in three localities.

This work will be carried out by the evangelization team in collaboration with the evangelists of the urban commune of Nzérékoré

- To bring the Church to a certain growth so that it can take care of itself in the financing of its own activities.

Through the biblical teachings on how to give to God or the collection and creation of a project or business as we have already begun with the raising of pigs with the support of God and of each other, we will achieve This objective.

4- **Requests or recommendations.**

1. To help us to accompany each other spiritually, materially and financially so that we can achieve these different objectives that we have set for the advancement of God's work in our community and beyond our borders.
2. Help us found Bibles, evangelistic materials, and distance Bible courses.
3. Supports us financially for the organization of our Bible seminars
4. We come with this report humbly to ask you to help us find support for our young evangelist who finished his biblical formation in Benin by the name of Brother BIGNA BEAVOGUI

5- **Thank you**

This is the time for us to thank all those from near or far who bring us their spiritual, material and financial support, especially the American brothers and the Guinea mission on the Australian side, at every moment we receive your support, may GOD the father of our lord and savior Jesus Christ pay you a hundredfold in the powerful name of Jesus Christ, so once again thank you and we are very happy and content. of your support that we gain in anticipation of a happy new year 2025 may this year be a year of peace, health, success, prosperity of love, and above all work for God in our different families, local assembly and company in the name of jesus christ brings !!

Subject: Quarterly and end-of-year report.

Dear brothers and sisters in the Lord I come very humbly in the precious name of our Lord and Savior Jesus Christ to present my activity report as follows:

1) Thanks to God and your prayers, I continue to preach in the congregation of Solondonin and that go very well. So nothing can divorce myself with the message of Christ Jesus. Because I am formed for that. 1thimoth4: 1-5.

2) We obviously inform you that with this end of the year we organized a Jew and prayer to strengthen the brothers in faith and for the progress of the work of God. 3)

We sent you the photos of our three pigs 🐷. A male and two (2) females whose female is now in gestation.

4) We ask for a support of \$ 210 for our agricultural project for pig food.

5) We also thank our brother Barry Bagott for his constantly support in faith he has just sent me the Bibles by my dear Brother Kende Nestor Tamba Tonguino. May God bless him. NB: Brother Miller if you could help us with the brothers or explain to Brother Ken about the radio problem that would be a very good thing. Because the denominationalists dominated the radios and yet the Church of Christ was the only one given the altitude to broadcast messages on the radio. But today this situation is dragging on, the broadcasts are no longer broadcast.

Thank you brother that God bless you and protects you so that you have for the progress of his work. In conclusion, we wish you a good understanding and a favorable follow-up to our requests.

St. Joseph Catholic High School outreach program

LISCO

LISCO is seriously on our minds for the church to be established there for the Lord. We are kindly asking all of you to pray with us for the establishment of the Lord's Church in LISCO. You may be aware that, we have reported to you the effort and resources made to this place for Christ. LISCO is a far distance place from Voinjama; and in the rain and sun, the Lord have been with us to travel there many times; especially the Mid –Baptist Church.

The Lord converted four persons and including the pastor, who is now one of the brethren. Brother Yarkpawolo Koi.

They have told us that, they want to leave the Mid –Baptist Church because of the truth they received through the many gospel meetings held in LISCO.

They have told us that, the pastor of the Mid Baptist was told that they will be leaving and coming to Christ.

From this good news, we have decided to start molding dirt blocks for the construction of a worship center. We cannot start such a project without their full approved that they will go finally to the Lord's church. Bro. Koi, told that, they will again meet this coming Sunday to discuss the issue; we pray that they will finalize their willingness to do so.

Construction of children worship Center

The church has decided to construct a worship center for the next generation church; our children in the Voinjama Church of Christ. The church has already secured 10 bags of cement, 10 pieces of steel rods, sand and some cement blocks.

The workman in person of Brother Saah John was requested to come with design and estimate for the said project for 2025.

Prison Ministry

We are grateful to God for the prison ministry. The Niceville Church of Christ purchased two radios for the inmates for them to be able listen not only the Voinjama Back to the Bible Programs but get the news in general. The challenge is to feed the radios (batteries) to keep them on.

Again, we express our many thanks and appreciation to the Guinea Mission Group for the stipend and invitation to us and all the prayers and supports to the Voinjama Church of Christ. May God bless you all for helping us remain in the vineyard of the Lord Jesus Christ.

My wife and I have decided to use portion of the stipend for the Voinjama Church of Christ Back to the Bible Program Facebook live presentation. Therefore, you are also helping in the Back to Bible Program through Facebook live presentation (Voinjama Church of Christ Back to the Bible Program).

May we all hold hands as we remain faithful and serve truly in the body of Christ.

We are excited and privileged with the many blessings of God and also through you for all your prayers, financial and moral supports to the Voinjama Church of Christ; and we are grateful to God for our lives and to serve Him.

May God keep us together in the truth followership in the Lord.

In Christ

The collective evangelism ended and will continue by the grace of God because the plans are already made.

Physical Aspects. For the gone year, we did not have much physical activities base on some challenges but we thank God that we were able to pay for the worship place through the grace of God and the help of the brethren from Nice-Velle America. This is one of the greatest that the Lord did for us and our physical plan for the year 2025 is to put the foundation of a lounging place and the children class and to undertake a farming project if there remain a fund.
